

## REACH Substance of Very High Concern (SVHC) Document

SVHC\_1306-19-0\_TE  
Issue 1 - 7 Nov 2013  
Page 1 of 1

**Information regarding materials present in TE products is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information provided by our suppliers. Information regarding risks associated with the SVHC contained in this type of product is based on 1) the intended use(s) of this type of product; 2) TE's current understanding of health and environmental risks associated with such use(s), obtained from information provided by the regulatory bodies as of the date this document was prepared; 3) certain assumptions regarding normal and expected exposure pathways and the frequency and extent of the exposure encountered during use of this type of product. This information is subject to change.**

The following information is provided in accordance with Article 33 of the REACH Regulation (EC) No. 1907/2006

**Company**

**TE Connectivity**

**Contact**

<http://www.te.com/support-center/productSupport.asp>

**Substance(s)**

NAME  
Cadmium Oxide

EC number  
215-146-2

CAS number  
1306-19-0

**Concentration in the Article**

Please visit

for SVHC concentration information

**Usage**

Cadmium Oxide is contained in the Ag/CdO contact material of certain TE relay products.

**Handling Instructions**

The presence of Cadmium Oxide in TE products do not present health risks from normal handling in accordance with good industrial hygiene practices: do not consume food or drink while handling the products; wash hands after working with the products. No other special handling techniques are required when working with the Cadmium Oxide containing product. Use the product as recommended per the applicable product specification.

**Disposal Instructions**

Recycle if possible and dispose of the article by following all of the applicable governmental regulations that are relevant to your geographic location.
