

**Basic features**

<b>Scope of delivery</b>	Mounting set incl. accessories (2x)
<b>Use</b>	for machine light Ø45 mm
<b>Version</b>	Mounting clamp

**Material**

<b>Housing material</b>	Steel, Zinc plated EPDM
<b>Surface protection</b>	Zinc plated

**Mechanical data**

<b>Dimension</b>	16 x 62.5 x 80 mm
<b>Mounting</b>	Clamps

**Remarks**

To reduce vibrations and possible tolerances on the light, the anti-slip band must be glued to the end caps of the machine light.  
 Be sure that the lower clamp shells are aligned parallel to each other. Turning or offset of the clamp shells can result in broken glass when installing.  
 Attach the light only at the end pieces which can sustain a load. Fastening the light above the protective glass can result in destruction of the glass tube.
