

1) Function indicator, 2) Error, 3) Button, 4) Terminal strips

### Basic features

|                               |                    |
|-------------------------------|--------------------|
| <b>Approval/Conformity</b>    | CE<br>UKCA<br>WEEE |
| <b>Principle of operation</b> | Programming Device |

### Display/Operation

|                        |        |
|------------------------|--------|
| <b>Adjuster</b>        | button |
| <b>Power indicator</b> | no     |

### Electrical data

|                                           |                 |
|-------------------------------------------|-----------------|
| <b>Operating voltage <math>U_b</math></b> | 20.4...27.6 VDC |
|-------------------------------------------|-----------------|

### Environmental conditions

|                            |           |
|----------------------------|-----------|
| <b>Ambient temperature</b> | 0...50 °C |
| <b>IP rating</b>           | IP30      |

### Material

|                         |     |
|-------------------------|-----|
| <b>Housing material</b> | ABS |
|-------------------------|-----|

### Mechanical data

|                                 |                     |
|---------------------------------|---------------------|
| <b>Connection cross-section</b> | 2.5 mm <sup>2</sup> |
|---------------------------------|---------------------|
